The Premises:

Small place in the main street in Crewe above a shop. Friendly, clean, with front and rear entrances. Two main bedrooms as there are usually two girls working each day. There is a small car park at the rear but there is plenty of parking in the side streets or at the nearby Kwik Save.

The Lady:

Astrid is very easy going and has a caring, gentle manner. She is a young, slender blonde with nice C cup breasts and shaved down below. More of a girl next door type rather than a stunner, which can be even more of an attraction. As with the premises, front and rear entrances are available and I made good use of both of them!

The Story:

I saw Astrid a few weeks ago and after seeing her photos again on the website, I just had to return to explore that peach of an arse again. She just loves having a cock up her bum!

I arrived just before 11:00, shortly followed a few minutes later by Astrid who was running a little late. After I had a quick shower and waited in the room, Astrid assured me that she wouldn't be long but I was in no rush and so that I didn't have to wait any longer she joined me with her hair still wet from her shower.

As I sat at the foot of the bed, Astrid stood in front of me wearing just a bra and G string and as I helped her out of the bra we caressed and kissed before I spent a few minutes fondling her soft breasts and sucking her wonderful erect nipples. My cock was showing some interest, so we moved onto the bed and she gave me some OWO. A lot of girls do their oral fast and furious but Astrid's is very gentle and slow which I think is better sometimes and together with some gentle ball kissing almost brought me to the edge so I had to stop her.

We then had another session of kissing and mutual caressing, followed by me again fondling her breasts and sucking her nipples (she has got great nipples) while I slipped a finger inside her pussy and stimulated her G spot. Her moans and expletives told me that she was enjoying it.

After some more oral I was now ready for action, so Astrid applied the condom and she lay back as I pushed her legs up and back and I eased my cock into her. She then wrapped her legs around me and cuddled me as I thrust into her and nailed her to the mattress. After a while I asked her to turn over for some doggy and she stuck her arse up in the air, presenting both holes for me, but for now I was concentrating on her pinkness and slid my length back into her pussy.

Now for the finale, after a change of condom and a bit of lotion for lube, Astrid got back on all fours and guided my cock towards her starfish. I was soon inside and banging away, with Astrid moaning as I rammed my full length hard into her. It was a good view both in the surrounding mirrors and as I looked down to see her sphincter gripping my cock as I fucked Astrid up the ass, in fact it was too good. I couldn't hold back any longer, I came hard and filled the condom while I was deep inside her.

A quick clean up and shower and then Astrid kindly arranged a cuppa for me in reception.

Thanks again Astrid, a very enjoyable ? hour.
