The Story:

got her some flowers as a gesture which she liked,was offered a choice of red,white wine or beer and some smokes.started chatting a little,just to relax a bit,the wine definately helped ease the nerves.I was a littele worried about the time but she was like "relax ur here to enjoy urself,time is not an issue".moved to the bedroom where she slowly removed my shirt and let me slowl undress her.amazing kisser knows how to use the tongue,this went on for some time and she was really into the kissing bit,went down on her after playing with her tits.she then lay me on my back and gave an excellent oral with for about 5 minutes then proceeeded to sex in different positions,finally ending in doggy position.made nice purring sounds throughout which i found very stimulating.chatted a little about some intellectual stuff which kinda surprised me as she knew what she was talking about.then afterwards offered me the shower,followed by some more wine,smoke and a lil cuddle which was nice cuz gave it a very personal touch nothing bussiness like.I realised i was over staying by about 15 minutes but she dint even mention once,so i let myself out.overall a very personal,enthusiastic,friendly service in a very relaxed atmosphere,was just like having a girlfriend. I think she started 2 weeks ago and is here till september so get down to this new bird before she leaves as u wount be dissapointed,but remember to treat her nicely boys.
