Large anonymous unported block. 1 bed flat but only saw a rather bland bedroom and a clean bathroom with efficient shower, clean towels, toiletries etc.

The Lady:

As per photos. Not stunning. I would not naturally have chosen to visit her but she has good reviews on this site. Dressed in black slip dress and high heels. As revealed later a decent body, unfortunately with noticeable scars from breast implants.

The Story:

Took a bottle of non-vintage champagne to enjoy for some idle chit-chat; I am not able to leap on a girl as soon as I am through the door.

After 10 minutes she asked if she could kiss me. Yes please, but she then proceeded to lick my face as a cat might. I found this rather off-putting and wanted to scream 'please stop'.

Adjourning onto the bed I invited her to lie down and indulged in DATY; small landing strip, neatly shaven. She seemed to rather enjoy this and clamped my head between her thighs. Then laying me on my back she mounted me for a frenetic fuck. To finish me off I had her kneel on the floor and use her mouth only to bring me to a highly enjoyable climax.

Although she prompted me to be aware of the time when we had 10 minutes to go she did not rush me out, and offered a shower even though we had overrun.

The session was rather like a one night stand with a girl you have met who is determined to get as much out of it for herself as possible. Strangely I found that this worked for me; it's highly arousing when a girl has two screaming orgasms and seems to revel the encounter. Apart from the 'licking' a great time.
