The Premises:

As ever, The London Retreat leads where others follow.

The Lady:

Really skinny. And blonde. And not impressive.

The Story:

This is a difficult one for me. I love the Retreat. The eighth wonder of the world. And they always have great Dommies. Fabulous. But even they can make mistakes.

This is nothing personal against Sam. She is a sweet girl. I mean that genuinely. But she is not a Domme. She is someone turning her hand to something for which she is not suited. Actually, you could easily convince me she is actually sub. She is just not at all convincing. She should work for one of the glossy agencies much populated by East European girls and she would be a hit. She would make a great GFE WG. But not a Mistress.
