The Premises:

Flat in Earls Court. Short walk from the exhibition side of the station and parking can be difficult to find.

The room was ok though clothes had to go on a chair.

The Lady:

Brunette from EE with a voluptuous figure. Attractive face. Estimate her to be in mid or late 20's. Boobs were DD's but she's a big girl all over, and not the fittest I've seen.

The Story:

This girl used to work for Barracuda and has many good reports on their website as well as on the Affairgirls website.

I was expecting an hour of very raunchy passion as previous reports all mention she's uninhibited and up for nearly everything.

My experience however was very different. Started off very friendly but once we moved onto the bed, she just continued to rub me and play with my dick. No use of tongue anywhere on my body and when I kissed her neck she failed to respond at all and didn't like any attention to her boobs. Sat beside me like a zombie and then pulled out a condom tearing the cover with her teeth and applied it on me and then gave oral. I asked for owo, so she reluctantly took off the condom, gave me a wipe and gave very poor owo.

Very mechanical service and the shagging was very average with her on top. Shot my load and no offer for a second round, so cleaned up and left.

Didn't appear to be very friendly and certainly not the shagbunny mentioned in the reports.
