The Premises:

Large 1st floor flat above shops off the A5.

The Lady:

A good looking English lap dancer, blonde 28 yrs old, 5'6" tall, 32" B slim tanned & toned size 8 figure.

The Story:

Was shown in to one of the 2 rooms by the friendly maid. offered a drink, and was Introduced to the 2 ladies. Bonnie the other girl looked nice, but I fancied Candy as soon as she entered the room.

I went for the VIP service, including OWO, sex and kissing, for ?70.

Took a quick shower, dried off in the room, Candy came back and waited on the bed for me. She offered me a massage, which I accepted. She gave a firm massage, felt nice but she didn't try to tease me while I was laid on my front. Was only a minute or so when Candy asked me to turn over, she went straight to my balls, licking them with her tongue, and started sucking me off. She was very good at teasing my shaft, felt great, but she didn't seem to take much of my shaft in her mouth.

Candy seemed to be In a rush, as she grabbed a condom and didn't give me a chance to say yes or no. She got on top and began some fake moaning, "sure luv" quick switch to Mish, Candy was keeping up the acting and moans. She complained of being sore, so she suggested a hand job. I asked for some more OWO, candy said something about It not being part of the service, as I'd allready had all of 2 minutes of oral allready. But she did relent, and sucked me for a bit, then got me to wank myself while she licked my balls.

To my surprize candy accused me of having a wank In the shower before our session, I just laughed but I'm sure she ment It.

She must be used to guys who cum in their pants when the look at her!

So by this time I was bored so came and got out of it.

So wasn't a good punt with candy, maybe she had had a long day, she has a potential of being a good WG, If she sorts out her attitude a little, and pretends to enjoy the work. The writing was on

the wall when at the start of the session, I made conversation, saying I'd just finished work, she made the remark that she still was at work, the way she announced this, I knew she wished that she was somewhere else.
