The Premises:

Apartment off the beat and path. Easy to find. Walk up to third floor. Celam bedroom and bath. Two bedrooms, the other shared with Monica.

The Lady:

If and/or when I ever need publicity pictures, I am going to have Julie's photographer take mine. This girl looks NOTHING like her pictures. Just look at the differences between her solo pictures and those of her in duet picture with Monica. Andrea claims she has had a baby since her pictures were taken, thus the two roles of leftover baby fat around her waste. Tits sagging, and the strongest breathe of a smoker I have ever smelled. Oh, did I mention the wart on her nose that is shaded out in her pictures. Romanian lady. Young.

The Story:

I am really struggling to find something good to say. She seems like a nice girl but shouldn't be doing this. Told me she hated the work. "Everyday have sex, many men." She told me she has a one-year-old baby girl and needs money. Told me what her take vs. agency take of the fee. Session was booked and I paid for 1.5 hours, ending in 55 minutes including shower time. I told her to keep the extra and the baby a toy and some clothes. I am very sorry to say it but this is close to the worse session I have ever had.
