The Story:

Peaches and Katie were free when I arrived. I didn't realise that I had met Peaches here before thought it had been elsewhere a long time ago, but I had and I'd left a report!!! She had been wonderful. However, today I chose Katie, another good choice.

I learned some new things today with Katie. She has a selection of toys and loves to use them. The first was when I was on my back and she used a vibrator with an attachment to help things along. I adore being aroused by a hand slipping underneath, made even more interesting with the vibrator. Added to this was Katie using her body and pert breasts to sensuously caress my back. When I turned over Katie continued this in a lovely way. She then put on a condom and gave me a lovely oral with plenty of sexy eye contact. I had asked for reverse oral at the start but it wasn't on offer today. It would have been ?10 extra, along with most other things, like kissing, which is a bit of a pity, but I knew this before we started so it was okay this time. I am not especially into dirty talk, but those who are will love Katie, but when she had her mouth around me she was speechless!

Guys, eye contact is great here. Katie says she is bi, and as if to push the point she put on a vibrating thing onto me and straddled me. It wasn't long before she came and had to change position as it was too sensitive for her. We tried doggy (her favourite) and when I wanted to remove the vibrating ring, which was a little too tight for me, we finished in missionary. Katie is tight and I soon was coming on top of her, her little bum was so nice to feel during this.

This was very nice and highly recommended.
