The Story:

This was actually my second choice venue on this occasion, but the girl I wanted to see at the other place was totally booked up, so I went to the Diplomat where five girls, none of whom I'd seen before, were available.

The one I found the most attractive looked the most miserable, so I, perhaps unfairly, ruled her out. I had seen Gabriela in reception on a previous visit when I chose someone else so I went with her. Well Gabriela proved to be a fine choice. A Czech girl with excellent English, she appeared quite intelligent and well travelled. She'd previously lived in Switzerland. The oral was covered and, as usual in most parlours, there was no kissing. However when I went down on her she made all the right noises which turned me on enough to give her a decent fucking which she seemed to enjoy. I hate it when they lie there like a sack of spuds - it really turns me off! Similarly when they make obviously fake noises. But Gabriela was definitely genuine and she really hit my spot! I couldn't quite sustain it however and eventually came with her sitting on my face.

The price was actually ?55, but I let her keep the extra fiver as she was very good and I couldn't be bothered to arse about waiting for the change.

I would see her again, but she said she's going back home for a few weeks next week although she may return soon.

I was a little disconcerted however when she said she worked every day and night.

No wonder she's ready for a rest!
