The Premises:

The place itself is in a busy but nice area, good to distract yourself for a bit beforehand with shops and the like. I most certainly felt safe, and the place itself was clean and neat. It should also be said that it felt discreet.

The Lady:

Jazz is an Asian lady looking to be about in her mid 20s. Medium height, slender but curvy, and lovely skin. I found her face to be very pretty, and her skin was very soft.

The Story:

I went in for a massage with HR, and stayed the extra time, not wanting to be out so quickly. After some amusing banter, she got me to turn over and started to work me up with her hands.

I have to say, I am usually one who takes a long time become fully erect and an even longer time to get close to coming, but the lady is very skilled with her hands- within a few minutes I had to ask her to slow down. I can't stress enough how nicely she touched me- I also appreciated the way she'd smile and give a little laugh when she knew she was driving me mad.

Additionally, I personally found her quite charming and fun to be around, she has a good sense of humour and seems a generally kind and smart lady.

All in all I had a lovely time with Jazz and do hope to see her again!
