The Story:

Meeting was a disaster. I have to like the escort I am with to be able to perform, and I certainly didn't like her.

Paloma arrived on time, I was a bit disappointed with her looks but thats just personal preference. I paid her ?120 that was requested. I chose this agency as the price is all-inclusive and ?120 an hour I thought was a fair price. I asked her if she kissed which she didn't but said she did 'O' if I paid her another ?60 !! We were never going to get on from this point as I know she is trying to rip me off. When I declined 'O' at ?60 the price was reduced to ?50, but needless to say I was having none of it. We got on the bed and I touched her breasts and she told me they were very tender and to be careful, I ran my hand down her body but her legs were clamped shut, I gently tried to part them but there was definitely no entry to me.

At this point (20 minutes into meeting) I had had enough of her and told her she could go. She was suprised that I didn't want her to stay and offered me a massage, I declined this as would rather her just to go. She took 10 mins to get dressed and leave.

For the past 15 years I have seen 4 or 5 girls each year and this is the worst escort I have ever seen. The only part of the service that was any good was that she was punctual.

Contacted the agency who apologised and promised a better service next time, unsurprisingly though I won't be calling again.
