The Lady:

Pretty face, beautiful slim figure, pert boobs, fantastic bum. Absolutely gorgeous. Description says "A warm natured, affectionate lady who can hold a good conversation & who enjoys the intimacy of a raunchy girlfriend experience". Also says she's 22 but she only looks 18.

The Story:

Met Paige in the reception, lovely smile, instantly smitten. Receptionist offered me a drink then took me upstairs and started to run the jacuzzi while I showered.
Dried myself off and sat on the large bed and Paige breezed in, everything was going fine....
Paige was chatty but didn't come right over but sat down next to me but with at least a foot between us. I was hoping for a warmer greeting than that but maybe she was a little nervous so I asked her whether she was new to the work and she told me she used to work at the Wonder Lounge so that wasn't it. I put my hand on her knee and she chose that moment to get up and turn the jacuzzi taps off so it wouldn't overfill giving me a wonderful view of her bum while she bent over.
She came back over and asked me to lie down so she could give me a massage. I was little nervous by now and although she was chatty there was no warmth or flirtiness in the way we were interacting.
I asked if I could massage her and she said ok but this is where it really started to go wrong for me. She didn't want me to touch or kiss her boobs because they were too sensitive, she didn't want me to use my fingers because she doesn't do that and she wouldn't let me go down on her because she only lets her fella do that. Hmmm what's left to do to warm up for the main event (which was obviously going to be the only event).
My hard-on started to wilt with all the negativeness and when she offered to go down on me (covered) I agreed to see if this would move things along. I was nervous and disappointed by now and although it had all the makings of a fantastic blow job and I wasn't fully hard I decided to let myself go there and then in case I didn't get a second chance later.
We then both jumped in the Jacuzzi for 10 minutes and Paige gave me a relaxing talc massage after.

I'd paid for an hour (?120) but after 40 minutes of nice but pointless chatter and me trying to persuade her that she would really like it if she let me go down on her I was fed up and left. I've since looked on the web site and her description tells of a raunchy girlfriend experience. Definitely not.

I didn't complain at the reception because its quite open with other girls there as well but as the days have gone on I feel a bit pi\$\$ed off about the whole thing.

I've been going to the gallery for over 12 months and while not every visit has been out of this world (sometimes due to me as much as the girls) this was by far the worst and it's now for the wrong reasons I've been prompted to do a review. If she didn't like the look of me for any reason she should have said so and I'd have picked another girl. Valerie, Brooke and Mea at the gallery are fantastic, I've seen them all more than once and never had the slightest problem.

I can't understand a girl working in a top establishment like the gallery and not offering what's been advertised or the even basics.

In the end I thought she was a lovely looking girl with a pleasant nature but immature and I ended up blowing ?120.

I'll go to the gallery again but I'm wary of trying one of the newer girls now and will probably stick with those I have had a good experience with before.
