The Premises:

As you'll find in so many of the reports, it's clean, safe, easy to find and easy to park (especially if you know MK!)

The Lady:

Look at her entry on the establishment's website and then imagine you're looking at a significant understatement.

OK?

Well, she's at least as good as the person you're now imagining, probably better.

The Story:

I didn't have an appointment so was introduced to the four available ladies. Linzi had only just arrived so hadn't had time to change, but nevertheless she made an immediate and very attractive impression, and with the benefit of hindsight I don't regret my choice.

She greeted me with a prolonged hug and kiss and then, after the administrative details, invited me to undress and 'get ready'.

She offered, and I accepted, a massage to start with - they now only use talc as the oil was costing the management too much in new sheets. My experience with talc massages is that it takes an expert to provide a massage that doesn't drag the skin uncomfortably. Linzi is one of those experts and the effects were very enjoyable, especially as she was alert to the movements that caused particular pleasure and dwelt on them. Some of the time whilst Linzi was massaging me I was able to return the complement to her pussy and clit, which she enjoyed.

Then it was time to turn over and I got a few comments and questions about my PA. I took the metal out and Linzi proceeded to deliver the most thrilling OWO, but not to completion as I wanted to save that for later.

Then it was on with the condom and onto penetration. We chose a position where I could continue to caress her clit, which we both enjoyed.

And the climax was breath-taking.

So, would I go back? Too true!

And see Linzi again? Oh yes!

And you other guys who see her - you be good to her, please.

By the way Linzi, my visit to Police Headquarters later in the day was entirely without incident!
