The Story:

It was a good visit. Had a shower when I arrived and then waited for Mei in the room. She arrived in striped underwear and (after I gave her the money, which I like to do immediately) went straight onto the bed and called me over to her. Then plenty of kissing and exploring her body, more kissing, then I asked her if I could eat her pussy, which she seemed fairly keen on. After going down on her for a while, I came up for more kissing before getting her to sit on on my face for a while. Then onto sex (I think she called the position "lying on the turkey") which was superb, although when she said "fuck me as hard as you want", I wasn't going to last too long!

All in all, a good punt, but I would probably not return again because of the range of girls available and the irregularity of my punting activities. Definitely enjoyed the experience though and glad I saw her.
