The Story:

I have been visiting Lisa occasionally for many years now, and have also visited others on my travels, including some of the most favourably reviewed Ladies in the country.

However, over the last year, I have concluded that there really is nobody else out there to compare with Lisa - This lady is so very special, in every sense.

Lisa would prefer it if I did not describe our interludes too (porno) graphically, but suffice to say that we leave absolutely no stone unturned. She is the most responsive, passionate, delightful Lady I have ever met, in or out of the "industry".

She seems to enjoy our times together as much as I do - If this is true, she is a very lucky girl!!.

Her reaction to being pleased is nothing short of a delight, as are her reciprocal acts towards me.

She makes me feel so very good in every way, and my times spent with her are invariably mind blowingly erotic, and physically, as good as it gets....

I will unconditionally recommend Lisa to everybody - If you are in the area, go and see her, and if you are not in the area, take a day off work, and have an awayday in Plymouth - You will not regret it..

I know that the upshot of this is that Lisa may be busier than I would prefer, but she really should not be a secret - She is simply the best....
