The Premises:

Easy to find, tidy 1 bedroom flat in a block on a quiet street of Guildford.

No problem to locate a free parking space, in fact I was able to park right in front of the flat

The Lady:

A good looking woman, probably in her mid fifties she has a well rounded but by no means fat figure that many 25 year olds would be proud of, with fabulous boobs and long dark hair.

The Story:

I have visited Pearl many times over the past 5 years or so.

The first time you visit her you will be guided to a nearby public telephone box and you will be asked to call her again and then she will let you know the exact address. For any subsequent visits you will be given a password so that you can go straight to the flat. She only sees gents over 40!

On arrival I was made a coffee and we sat and had a chat, she does like to chat and it is like visiting a good friend that you have not seen for ages and has she a very good memory. We sorted out the financial side then we went to the bedroom and undressed, she likes to give a gentle back massage and then asked me to turn over. The massage continued but became more intimate.

She rolled a condom on me (All services are with a condom !) and she gave a slow blowjob, not very deep but quite sensual with lots of ball stroking.. She knows that I enjoy giving oral so she turned so that we could get into a 69 position and I could use my tongue skills on her. She is not shaven and has a fine hairy and very clean pussy. We continued like this for several minutes then she sat astride me and gently rode me cowgirl style so that I had a great view and feel of those great boobs. Then we changed to doggy which was enhanced by the mirrors at the foot of the bed. I started to loose my erection slightly so I suggested she finished me off with her hands so it was off with the condom and with the help of a liberal splash of oil and some verbal help she spent the next ten minutes or so bringing me to an explosive orgasm over my chest.

After a short cuddle I went to the bathroom, cleaned myself up and then got dressed.

I believe Pearl also does a mild domination service but that is not really my thing so I have never been tempted.

I left promising I would return soon.
