The Story:

Wow..where do I start. SHe came in to the room and immediately started to snog my face off reaching inside my boxers and stroking my cock. I stripped her off to reveal a stunning body and she made it clear that she liked things a little on the rough side. She dropped to her knees and gave an amazing deepthroat OWO only stopping to suck my balls. She lifted one of my feet onto the bed, put her head right under me and stuck her tongue up my bum...WOW! Then it was her turn to be licked so onto the bed she went legs wide open and in I dived...she tastes lovely. I was then instructed to finger her arse and then she grabbed hold of 2 fingers of my other hand and put them inside her pussy. She shouted harder harder til she came in buckets over the sheets. She said her clit was now very sensitive and asked me if i would take her up the arse! I knew I wouldn't last long up there so politely declined and opted for a pornstar finish with her on her knees and me wanking myself off into her open mouth...about 20% dribbled out onto her chin - the rest was swallowed!! What a girl ! For those who remember the lovely Kimberley you will love this one too...only there Monday and Tuesdays so get in before she leaves.
