### The Premises:

Clean and tidy in a relatively quiet road. Parking not easy but not terrible

### The Lady:

5'4 FF boobs and a little on the heavy side. Shaved below and wearing quite a lot of make up. Quite chatty but I wouldn't say bubbly or exciting more very much work focus

### The Story:

Started with a cuddle whilst she played with my shaft and balls quite nice. I nestled in to her ample breasts. Soon moved on to OW that was ok but a bit quick before she asked what position. I asked for reverse oral but she said she didn't do that. Agreed for me on top but she just lay there like a doll, no movement only the odd fake 'oh you are well endowed and push it hard baby' I know I am not above average. I slid in and out for quite some time as it was a fairly sensitive feeling but eventually I could see she was getting bored so I banged hard to watch her massive tits wobble.

Not a good one, she says she usually works from Cheltenham so I will avoid her there
