The Lady:

Very pretty young girl, 19yrs, long blond hair, good slim figure, pretty face and a bubbly personality.

The Story:

Absolute rubbish. This girl should have a government health warning stamped on her. After a 15 second backrub she turned me over and proceeded to painfully wank me off. I asked her to slow down which drew a blank look. Asked for oral, ?10 extra for without, so took it with. This lasted a good 30 seconds before it was back to the hand pounding. As a last desperate tactic to slow her down I suggested sex doggy style where she whipped off her pants and shoved her backside towards me. I am ashamed to say the old man just gave up the ghost at this point. Biggest waste of ?50 ever. How looks can be deceptive!
