The Premises:

Basement flat very very basic no en-suite toilet or shower but functional.

The Lady:

All I can say is what a stunner beautiful body lovely breasts and the most pert arse one could only imagine. Breath she does smoke and you can taste it when you kiss her.

The Story:

On arrival I was not greeted by the usual kiss or peck on the cheek, but by a sigh and a scream at the fact that I had let the door slam shut.

I was slowly led down the stairs with Becky in tow, to what looked like a very seedy basement flat. She got straight to business and took her present with a big smile and a thanks, I just kept looking at her body what an absolute stunner. She then left the room and was speaking to someone in a foreign language came back and we started to kiss (guys be aware she does smoke and it can smell). I ate her out for about 30 mins which she loved, we then had sex. But was told that I had to go on the hour. overall it was a ok session but her body made up for all the flaws in the flat and her cig breath.
