### The Premises:

Normal City Girls/HOD premises never any problems. Always kept clean and tidy. Don't normally come during the week and there was some difficulty getting free parking.

### The Lady:

Carla is a gorgeous girl, not fat not thin. Amazing natural breasts and sensitive nipples which just ask to be caressed. The one surprise was her sexy husky voice.

### The Story:

I wanted to see Carla, but had decided to have a look at the other girls who were in as well.

Fortunately, Carla was available. Now she does charge an extra ?10 for OWO, but I don't have a problem with that, particularly as more and more girls aren't doing it.

We started with a nice kiss, before I got her to stand with her back to me so I could get to grips with her cracking body.

What you soon learn with Carla is that she loves to be touched - a lot, which was fine with me!

Having taken each other's clothes off, Carla got down to some very enjoyable OWO, easily worth the extra money. She then asked me if I gave oral. Silly question!

I went down on her and explored her succulent pussy. The only downside is that she doesn't like fingers inside her. She seemed to enjoy my attentions and ground her clit on to my tougue as she came. She then asked me to stroke her body, her exact words were "after a good cum there's nothing like being stroked". After a short while we got down to business.

Carla looked great impaled on my manhood, whilst I enjoyed those great boobs. We went through a number of positions before I came over her stiff nipples.

Carla enjoys her work and is definitely worth a visit. My next visit will be for longer, but I have a couple of other girls I need to see first.

Thanks Carla!
