The Story:

Visit started with a backmassage which was therapeutic rather than erotic. This took up rather more than half the visit. Rolled over to indicate that I might be interested in something other than therapy for fibrositis. A little mutual caressing. I gave her some reverse oral which she seemed to enjoy and she seemed to climax.

She then said that our time together was up. I indicated that I was displeased at not having come. she produced a jar of baby- oil and offered a quick hand-job which I declined.

There did not seem to be any indication that oral, covered or otherwise, was on offer and certainly not sex.

After having been quite pleasant during the hour she then said that I gave her " a bad feeling", this did not seem to have prevented her taking the money, flowers or enjoying (I flatter myself) reverse oral.

If she did not like me she should have said so in the beginning.

Perhaps the protracted massage was a way to get the punter to pay for more time . So remember chaps you are not going to get a lot for ?200.00 with this woman.

This agency is not doing too well with field reports. However, I have used them before and the words professionalism and sheer class could have been invented for at least two of their ladies, Anna and Sophie, but there is no way I would recommend Natalie
