### The Premises:

The Usual - clean & tidy

### The Lady:

Average type with big tits and dark hair, not a real looker but when you need someone you know?

### The Story:

What can I say, rushed back massage, condom was taken out of the packet when she got in the room before any contact (should have known it would be rushed) told to turn over where she put the condom on my flacid dick and performed uninspiring oral to eventually get it semi hard.

Then I had to try to fuck her with a semi in mish she couldn't do any other position cause of a knee injury?

There was no attempt to get the old chap warmwed up first you know a little touch of the balls etc...

And to top it all I didn't get my ?10 change so a crappy ?30 punt turned into a ?40 pound waste of time.

Guys always take the right money as they seem to think that a tip is included in the price and don't offer the change up front.
