The Lady:

Young early 20s, very slim, long brown hair, lovely pair of tits and the peachest arse in Stoke. Check out the website it doesn't do Peaches justice she's far better in the flesh.

The Story:

Started off with a nice massage, then rolled over while she played with me. At this point my hands were wandering all over Peaches as well, she is an absolute beauty. After getting me nicely stiff, on with the hat for a bit of oral (without was offered) after which I was asked to take her doggy style, I couldn't move fast enough, the site of that peachey little bum bouncing off me was almost too much but hung on to have her missionary with her legs clamped around me and my hands on her arse as I pounded into her, her body in total unison with mine she brought me to an incredible climax. Not big on small talk and doesn't kiss which is ok by me as I didn't go to see her for the conversation and kissing is a tad to intimate for my liking. Peaches is great to look at and fucks like an old girlfriend, highly recommended. Thank You again Peaches. Bob xx
