The Premises:

Character terraced cottage, very discreet out of the way a short walk from centre of town where no one will see you enter. but it is easy to find with good clear instructions from Mistress' PA, Ceri. Perfectly clean and well presented inside with artefacts and books about Goddesses and Worship and incense burning in the corner. This is not a dungeon the Temple is a place of erotic, controlled temptation and is very clean.

The Lady:

The Mistress is early forties with a fantastic body slim with large breasts with responsive nipples neatly trimmed pussy and a fantastic arse. She has an air of authority and puts you in your place immediately.

The Story:

This was my first experience with a Domme and I am glad I made the trip to see Mistress as it was well worth it. after some email contact during the week to let Mistress know what I was interested in trying I made my way to the temple.

After knocking on the door The door creaked open and a voice inside commanded me to enter. immediately I was ordered to lower my eyes and stand while mistress Eyed me up and down and Circled me whispering in my ear laying down her rules. I was her Boy and there to please her not the other way round. Mistress was dressed in a short velvet dress with Heels and long dark hair and large breasts with fantastic cleavage and dark red sexy underwear. I was led into the back room and ordered to strip to my Boxer shorts and kneel on her sheepskin rug before her full length mirror. Mistress then pulled down my boxer shorts and began spanking me 13 times for every 1 minute I was late. (now I wish my watch hadn't been 5 minutes fast because I was actually bang on time..but I kept quiet about that :))

After this I was then Blindfolded and Cuffed at the wrist and neck and Chained and led back into the first room where my arms and neck chain were linked to hooks on the ceiling. I was then spanked some more and had hot wax poured all over my bare arse. I was then told to make a wish and blow the candle out. I was then whipped so Mistress could leave her special mark.

Mistress then went up some steps so her panty covered pussy was in line with my face still

blindfolded she guided my hands to her fantastic breasts after playing with her nipples and kissing her knickers and inner thighs Mistress turned around and slipped off her knickers and pushed her naked bottom into my face I slipped my tongue in and tasted her sweet pussy Mistress was very wet and it felt good. after a while of this Mistress then Let me down and led me back into the back room where I was to kneel before her with my face pressed against her now pantyless crotch I guided a finger deep into her pussy whilst still sliding my tongue over her wet clit and groping her peach of a bottom.

after this I was ordered to sit on the couch and what followed was amazing and is for me to know and you guys to go and find out.

i would definately recommend this lady to anyone the hour went so quickly but was well worth the money paid for the experience.

Thankyou Mistress Kali,
I will be back again to serve you soon
