The Premises:

Great house in nice area, you may have to park a little ways down but no more than 2 mins away.

The Lady:

What can I say, just visit the web site. Sam is everything you could want and more. Sexy, Funny, Clever and Fun. I dare anyone to see those stunning eyes looking up at you as she sucks deep and hard and not grab onto the bed for dear life (while she still manages to bring you to the limit, then back off till your just begging her to let you cum).

The Story:

Due to this and that, Sam couldn't see me on the day we had arranged, but she was excellent in arranging another time and date. I arrived at Sams just before my time and gave her a call, she told me the house number, I was greeted at the door with a big smile (Sam has eyes like spanners, (one look and your nuts tighten). And was shown into the bedroom (very nice and clean, quite posh if your a single bloke in a flat like me). We sorted out the money first. She then gave me 10 seconds to undress. My clothes couldn't come off quick enough(damn buttons, why can't all clothes have velcro?). I was then pushed back onto bed and my cock was surrounded by a flurry of tounge and lips. MY GOD. The best OWO you could ever wish for, I was grateful to be able to hang on to the headboard for this ride, and as I attempted to stop my eyeballs from rolling back so far into my sockets they were looking into my brain my balls attempted to fold themselves inside out through my dick, and splat!! Sams reaction?? With cum over her mouth and chin she looked up with a wicked smile and said "Did I mention i was a messy eater" and licked her lips. A few minutes passed and when I was sure I wasn't gonna have a heart attack, Sam cuddled up to me with a long deep kiss and asked if i wanted a message, well i was gonna need time to recover and she then slowly stroked me all over, digging those fingernails into the bits that needed it, And she even found my ticklish bits. After a tender snog session, Sam climed on board (with cover on of course) and rode me like a jockey in the lead at the final straight of the grand national, (no whip i grant you, but asking me to suck her nipples hard more than made up for it). And I was done!! Still a bit of time to go, what now? No worries with Sam, she curled up me stroking me all over and playing gently while talking as friends would. Great conversation, been on dates with less communication. I actually forgot about time, then as she slowly teased me back into action, my time was up. And with with a grin and I look that said "always leve them wanting more" my all too brief meeting was over. Sam

doesn't do over nights, but if she did I no amount would cover what an entire night with this woman must be worth. I cant really say anything else, apart from if you only do this once, do it with Sam.
