The Story:

I had a great time with Charlotte. She is affectionate and a true GFE. Wants to give you a good time and apparently has a great time herself. Had a shower and gave her the money. paid the extra \$ 50 for the A-level as I had agreed with the agency. Great BBBJ, terrific kisser - jsut like a girlfriend. She was able to DT me which is not all that easy I guess. Anyway - didn't take long to CIM and after cleaning me up went to spit. We chatted for a bit then the Condom went on and she got on top and started pounding me. Really getting into it and after a while she came. I was hanging on - but barely for the anal. After she had an incredible orgasm, we turned over to mish and I put it in her ass. Man she was tight. It did nto take too long and I came. She cleane dm up again. We chatted and a had a bit more wine. She ordered me a cab and actually came down with me to get me in it. Not a clockwatcher and she likes sex a lot. I asked her about her cumming and she replied "A girl has to look after herself as well" I hardly ever repeat but this is one girl I would even though for my dollars this was an expensive punt - but really worth it.
