### The Premises:

Smart and clean flat not far from Baker Street tube.

### The Lady:

Too many ladies to describe individually but all were at least as good - if not better - in person.

### The Story:

This was my first party in 3 years but - after last Thursday's fab party - I will not be leaving it another 3 years before attending another.

I really, really like the whole package: first and foremost attractive and very sexy girls who were really into it as much as the guys, then we have the gracious and fun hosts and - i don't know if it's the same at every party - but i also felt there was a good vibe between the punters themselves.

I think what i loved most was that the personalities of all the girls really shone through and this (a) ramped up the attraction and horn even more and (b) it really did have a proper party vibe.

Special mention has to be made to:

Jodi - I just loved this girl, there was just something about her

Francesca - just so sexy and gorgeous

Sarah - awesome oral skills

Keep up the good work - LMP - your parties are fab.
