The Premises:

Everyone praises the appointments and ambience at IM, and I am no exception.

The Lady:

Alexandra is a very fine, handsome, strong, young lady with lustrous black hair, big brown eyes, and exceptionally good breasts, very pert for their size. She also has some very good tattoos - witty, and not overdone. She's also on the tall side, which those who like only short girls should bear in mind.

The Story:

We started with the usual caressing/undressing, followed by the usual not-very-serious by highly enjoyable massage. Then on with the rubber, and a session of mish, open to start with, closed to follow. All very good, and concluded with conversation about her country. She's from Romania, where I went for my last summer holiday, which seemed to please her. Altogether, a very worthwhile experience. Hasta la vista!
