### The Premises:

In an apartment 5 minutes from Gloucester Road tube. Nice place, with a huge portrait of Elvis Presley in the bedroom, which threw me off a little mid-act.

### The Lady:

Somewhere between Laura San Giocomo and Paola Rey facially. Fantastic body- the classic Rio beach form of pert tits and tanned bubble butt. The website pictures are realistic, though she has darker hair now.

### The Story:

I will enjoy writing this review, as it will be further opportunity to relive the memory of what was a wonderful time for me.

I'd been recommended Isabela because Noelia, my first choice, was unavailable. It is rare that I take recommendations but the lady at Lilyfields seemed very genuine and very complimentary of Isabela and my instincts spoke.

Upon being greeted by Isabela I felt an instant like for her and comfort in her presence. She wore a tight figure-hugging dress, and what a figure to hug! Very womanly. Some Brazilian music was playing which she slinked along to with a happy air. She showed me some webpages of her home in Rio, and immediately I imagined her there on the Rio beaches, far from the bleak winter of London.

After showering I came back to find her naked on the bed. She pointed to some of her favourite toys, and immediately I knew I was in for a good time.

Rather than detailing the minutiae, I'd like to give my impression of my time with Isabela. She has a truly captivating personality- one imbued with the joys of being alive, which is very infectious. At one point I got her to close her eyes while I kissed her in a variety of surprising and sensitive places.

Being very ticklish, her laughter in response to this was immensely sexy. And her body was deep heaven to hold and behold. In fact, I'd go so far as to say that, although Isabela is not the most conventionally attractive woman I've been with, she is the most sexy- which is quite a statement.

She is also very open-minded, and with few hang-ups about sex. Although she tried, I was too big for anal, though this has happened with me before. I came twice- a first for me.

Along with Paulina, who I saw a week before, this was one of my best experiences punting.

I'd heartily recommend Isabela. I can't imagine anyone not having a fun time with her- one sure to

bring a bit of Brazilian sun into your life.

I used to think of myself as primarily a breast man, but Isabela may have persuaded me to look first for a large, shapely derriere.

I will use this agency again. Not least because they specialise in Latin women, for whom I've now developed a love.
