The Premises:

Very clean and decorated with taste. Candles in the bedroom ? very romantic. Felt quite safe.

The Lady:

Think of all the superlatives that you know and apply to her. She is just like her photos, very beautiful, very fit, has beautiful smile and eyes, but more importantly, what the photos do not show, also very kind, sensitive, gentle, patient, romantic and attentive (imaginative as well). Her English is perfect and conversation is varied and intelligent. And she knows how to listen.

The Story:

This is a lady and I hope that she will always be treated as one. She is very attentive to ones needs and will put a lot of effort to make sure that you're satisfied. The things that I liked ? during the visit the door bell rang twice, but she did not even flinch, let alone answer. The music in the background was relaxing and subtly finished when the hour was up. But there was no rush and I felt treated like a person, not a punter. All this complemented with her great personality and looks produced an hour of joy that I will not easily forget. Highly recommended.
