The Premises:

On industrial estate and so little traffic though more than expected. Sign shows up well at night - have never found it in day previously. slightly higgledy-piggledy route to reception so a bit surprised at previous comments on its modern layout.

Soft touch is now about the only traditional place in Northampton so is presumably rather busier than previously.

The Lady:

Donna was on reception and I am a soft touch for receptionists. She is older than my normal range but I liked her and had chosen her in my head before seeing the younger lady, the only other one free of the four I think were there. Donna is quite short with blonde hair and nicely curvy.

The Story:

I found Donna really nice to be with after an initial concern she might be a bit restrictive about what she allowed.

We exchanged massages and chatted about boob jobs - hers is very effective. We had really successful sex with Donna well involved and seemingly enjoying it, which was what made it for me. We stayed in mish s that was working for us.

I am glad I chose Donna and would happily see her again.
