The Premises:

This place was recommended to me as a friend knows that I have a little bit of a taste for all things Oriental.

The location is not far from the Hillsbrough Stadium (5 mins in car) and is discreetly located in a back street with access through an alley so felt very secure. The place was very clean and tidy in the public areas.

The Lady:

Lisa was a stunning Thai Lady. Early Twenties with short hair and superbly pert breasts. She was very very attentive in every way and everything that I love about Thai Girls.

The Story:

This is not a place for a "quickie" or even half hour as appointments are by the hour only - however in this hour you get a fantastic massage (oil or powder) while the spa bath is running. Then you get an amazing accompanied bubble spa bath and every part of body is washed and rubbed down (there is an option here of accompanied by two girls, but didn't think my heart would take that!) Once the spa is over I was toweled dry and returned to the bed where a fantastic GFE was performed. Lisa was just mind blowing.

This was finished off with a relaxing massage before the hour was up.

A little on the expensive side, but if you are one to enjoy the quality and your not just after a quick service then this is the place to visit.
