The Story:

We sorted out the cash and then I was left to get undressed. When Kylie returned she let me slowly undress her while standing in front of me. She caressed me and it was not long before I started to rise to the occasion. She had me lie down on my front which was becoming difficult and began to massage my back and legs paying particular attention to the inside of my thighs and then higher. It was becoming difficult to lie on my front so I was turned over and she began to gently play with my manhood which was now standing to attention. On with the hood and then she started to suck me which was divine. I was really throbbing by now. Her hair dropping down over me. I played with her boobs and sucked them and they were hard. I could wait no longer and Kylie assumed the doggy position which I gratefully accepted entering her to the hilt. It was a fantastic feeling. It was not long before I could hold back no longer and came deep inside her. My only complaint was that it was all over in about 10 minutes. She really turned me on and I just could not wait so that was probably my fault. I will try and control myself more next time. And there will be a next time. Thanks Kylie.
