The Story:

Had a choice of 3 girls, Amber, Chanelle and Tiffany, all of them were lovely but I chose Tiffany cos out of the 3 she has been on my "must see" list longest. I was shown into the room where I had a shower and waited for Tiffany to come into the room. When she came in she introduced herself and gave me a nice kiss after which she gave me a talc massage which started to get things going during which we agreed on OWO and RO so she started to kneel before Zod to give some excellent OWO that was really good; then she lay on her back before Zod so I could use my tongue on her which she really enjoyed:). Then it was on to the main event so she put on the Johnny and she got on all fours before Zod so I could fuck her from behind, then she lay on her back before Zod where she put her legs over my shoulder as I pumped away into her some more then she got on top of me which was great, to finish off we went back into doggy and I pumped away into her until I shot my load into her. I then paid, had a shower and after a kiss & a cuddle she showed me out. She really is a very lovely girl.
