The Premises:

A small flat in the usual anonymous block. Only saw the bedroom inside, and that was clean and tidy.

The Lady:

The pictures don't lie about her tits. They are enormous, made to look bigger by being on a relatively slight frame, nice legs. Her face isn't great-looking but not bad either. A West Indian or African lilt to her voice.

The Story:

Seeing a positive report about this lady has made me want to tell of my own experience with her. It wasn't a great punt. Friendly and chatty, but her conversation was a dead give-away. It revolved around how much cash she planned to make from her body. Now I'm not stupid. I know that WGs are in it for the money. But they tend to divide into two types. Those who like the money and those who like the money but also want to give and receive pleasure. Dakota is definitely in the first category.

I got the impression she was going through the motions. An extensive list of dongs ? no OWO, no reverse oral, no kissing of any sort, ?Don't suck my boobs too hard?. Most of these no-nos seem to be connected to a fear of catching something from her punters! Which is a bit pathetic given her prices. Also a bit insulting if, like me, you're careful about your health and hygiene. Basically Dakota is in the wrong job.

To sum up. If your only concern is to handle a monster pair of tits, then this is for you. But if you want something approaching a genuine erotic encounter, let alone a GFE, then look elsewhere.
