### The Story:

Having been visiting girls for longer than I care to remember, a visit to see Sasha today has prompted me to submit my first ever report.

I've been trying to see Sasha for some time now, encouraged by the wonderful pictures on her site and her excellent reviews. However, having finally met her, I can honestly say neither do her justice.

I could write at length about her looks (absolutely stunning), her dress sense (sexy and classy) or her skills in the room (amazing). However the truly incredible thing about Sasha is that I'd happily pay just to spend time with her and enjoy her great personality, warmth and sense of humour. Any man would be as proud to have Sasha on his arm as he would be privileged to have her in his bed.

For those of you simply looking for a quick thrill (and there's nothing wrong with that) then look elsewhere. If, on the other hand, you value the whole experience of spending time with a mature, natural, sophisticated woman, then I can't recommend Sasha highly enough.

A truly exceptional lady who deserves the utmost respect.
