The Premises:

Debbie's place is well described previously. I find it has a very friendly atmosphere and I am sure this ethos comes from Debbie herself, who is very relaxed and easy to talk to.

The Lady:

Beautiful blond, 5'7" in height and nice handful.

The Story:

Boys, if you want to see a perfect body, Mandy is the one. Gaze on her and commit to memory for your old age; this is what nature's bounty is all about. I've seen many girls, but Mandy has to be one of the top three for peak physical condition. At first, I found her a little reserved, even cool, but she is mercifully just quiet and knows when not to talk too much. She has a wonderful manner, truly attentive to whatever you want. Her touch is soft and gentle, and she is very tactile which makes her a lovely partner. Her little button is easy to find, and she seemed to enjoy my attention whether with my fingers or tongue. She is simply exquisite in all positions, whether it's in cowgirl, mish or best of all from behind. I've seen her twice, and she just gets better each time. And for those of you who like to spend time in conversation, she is intelligent and witty. Go and see Mandy soon, for I am sure such a bright girl will quickly make enough money and move on to another career.
