The Premises:

Clean apartment in a central Milton keynes location. It seems to be a perfectly safe environment.

The Lady:

5ft 7in tall, slim and firm. She is blond, blue eyes and a very pretty face. Her breast looked succulent and she oozed sex appeal. Also, she was new to the scene.

The Story:

I always ask a girl if she kisses before making an appointment, as far as I am concerned, if this is not on the menu I see someone else. I need not have worried, when she came in the room she gave me a nice "snog". Soon our clothes were discarded and I was sucking her firm breast. She asked me if I liked being sucked. She then performed oral on me, but with a condom rolled onto my "manhood".

We then made love in various positions, I know it sounds old fashion but it proved to be a real "girl friend experience" and not just a fuck.

This girl is a welcome additions to HOD, I am sure that she will prove popular. I only hope that she remains "cute and sweet"

I would certainly see here again
