Close to the Station, easy parking close by,nice area during the day.Rooms are clean and inviting with a bath or shower, off a long wide corridor just off reception with carpets throughout.

You dont need to book just ring the bell, the door is in the passage next to a chinese resturant.

### The Lady:

Sharlot is a very friendly lady, blonde with long legs and a wonderful pair of 36FF tits and large brown nipples that stand out about 1/2 inch when sucked and played, with which Sharlot loves. She has neatly trimmed soft hair above her pussy in the shape of a triangle with the pointed end leading to her sensitive clit,she goes wild when you nibble on it and pushes her pussy into your face as she cums over you.

### The Story:

I was let in by one of the girls and told there was two girls to choose from. they both came into the room and it was a hard choice because they both looked very sexy with nice long legs and large tits,sadly the wallet wouldnt stretch to both of them so I chose Sharlot because of her lovely smile and large eyes.

She was wearing a very short micro wrap over mini skirt which fell open as she sat next to me showing she had no panties showing her lovely long legs, and a low cut top which allowed her large tits to spill out over the top of her Bra.

She asked me to follow her saying lets go to the room and have some fun, I followed her out and up to the room at the far end of the passage getting a good look at her lovely long legs and ass on the way up. In the room we talked and settled the paper work and she told me to undress and she would be back in a few minutes, before she left I asked her to strip off and leave her clothes in reception and come back wearing only her high healed shoes, she grinned and said ok.

I stripped off and stood in the open door waiting for Sharlot and it wasnt long before she came out of reception and started to walk down the corridor towards me totaly maked apart her shoes, she looked great as I left the door and walked towards her, (I love to walk around naked it's so relaxing) her tits were bouncing with every step and I could see the little triangle of hair above her pussy, we met half way and started to kiss and fondle each other my cock was realy hard by now, as we

kissed another girl and her punter came out of a room down the passage and passed us with the girl saying "cant you wait Sharlet". Sharlot grabbed my cock and said come with me I want this. She led me the rest of the way to the room by my cock and once inside she dropped to the floor and started to suck my cock, we didn't bother to shut the door. After a lot of sucking and ball tickling I told her I was about to cum and she said I want it on my tits, who was I to argue so I covered her tits with a lot of cum, she stood up and I started to lick her cum covered tits and suck on her nipples she told me she liked her nipples sucked and I told her to lay on the bed and I would lick her all over. I started at her neck and worked my way down to her pussy taking some of my cum in my mouth as I went. Her clit was erect by now and as I nibbled on it her hips started to thrust her pussy into my face and it wasn't long before she began to groan and then with a loud shout she shot her juices all over my face.

We rested for a few minutes carressing each other until we were both ready again and she asked me if I wanted her on top this suited me so she climbed on to my cock and started to fuck me hard as I played with her bouncing tits we soon both came together this time and fell into a heap on the bed shattered.

Time was up so she waited for me to dress and she put her shoes on then we walked down the passage to reception she was still naked and I was stroking her ass with one hand and her tits with the other.

We entered the reception area and one of the girls looked at Sharlot and said you look as if you enjoyed yourself, we both grinned as Sharlot had both of our juices running down her thighs. At the door she turned and gave me a big kiss and said come soon, and maybe I will give you a trim like mine. This I will enjoy and I will be back for more.

Sharlot really enjoys her work and it shows.

Treat her nice guys and you will both enjoy yourselves
