The Premises:

Very nice flat in Mayfair that was a welcome break from the shared accomodations that I have seen elsewhere. Shame about the constant banging (excuse the pun) from the builders. Very discreet and no issue though.

The Lady:

The photos on the site are no way near as good as they could be. They make summer look taller but far more angular and one is almost tranny-like. In the flesh she is a site to behold - early 30s (I'm very happy with that!) small with a gorgeous figure, long dark hair and a fabulous set of (enhanced) tits. She's one of those girls that totally gets your attention the moment the clothes come off!

The Story:

I like Summer. Immediatley putting me at ease she is somewhat of a chatterbox. Great BJ technique and mesmerising figure that I was happy to spend time studying close up. Unfortunately she goes for the one-cum approach which she was straight up about and I wish I'd known this as I would have knocked one out earlier. However I slowed things down and spent 10 minutes between her legs until she came in a shuddering heap. Then it was a bit more oral, on with the jim hat and a sight not easily forgotten of her underneath me arms gripping headboard as we went for it missionry style. Afterwards we chatted for some time with the sight of her naked in front of me, something I was happy to put up with.

For 250 I would have expected a couple of goes, but she did offer a hand job after so it wasn't like she was being off. She talks a lot so if that puts you off, beware! There is barely anything about the London escort scene or even her life (including breeding dogs!) that I don't know. Overall though she has a stunning body and great technique and is a real star.
