The Story:

FM! felt compelled to sign on and submit a review after this barely conscious punt (me and her, her mostly). My last review was 3 years ago for some girl in Bristol who barely registered as human and had the IQ of a spoon. The girl tonight talked less (thankfully) but I'm not sure she was awake for the whole 40 mins. I've been using Vixens for about a year now and on the whole is a great agency. Checking reviews here I'm surprised that they never feature. I've had some jaw dropping, eye watering nights courtesy of Vixens. Tonight however was an all time low. The pics on Vixens site of Toni are accurate, the description is not. My cock feels like I've been humping cat litter for 40 minutes and the last time I was quoted so many rules I was entering a snooker tournament. In fact and the last time I "connected" at this level I was talking to an Indian call centre. Don't touch this one with a very long bargepoll unless you have a penchant for necrophilia (each to their own, maybe she's after the niche market)
