### The Premises:

Julie entertains in a spare room upstairs in her home. She gave excellent directions on how to reach her and even called to see how I was doing as the appointed time got near. There is plenty of parking on the street. As stated above, she made me instantly feel at ease despite the fact that I was very nervous since this was my very first escort experience.

### The Lady:

Julie was somewhat taller than I expected and loves to kiss. She also has very soft skin and wonderful natural breasts with nipples that perk up when sucked on. She has a shaven snatch that tastes so sweet.

### The Story:

She greeted me at the door wearing a black cocktails dress and a lovely smile. She offered me a drink and we chatted in her kitchen a bit before heading upstairs. I must say that following her up the stairs was very difficult ? John Thomas was already erect and made it extremely difficult to manage the steps.

After a bit of light kissing and getting the paperwork out of the way, we kissed a bit (FK) and then it was off with the clothes. Julie was wearing a nice black garter set that can be seen in her AW gallery. She has the softest skin that I have ever encountered. I couldn?t stop caressing her.

It was now onto the bed where Julie went down on me (OWO). I asked if I could have her too. With Julie on top, I couldn?t get over the sweet taste of her pussy and the wonderful sight of her smooth bare bottom just inches above me.

I guess it was all too much, because I came which Julie enthusiastically accepted slurping up every last drop! I had not been there more than 20 minutes of the hour and I had already lost what I suspected would be my only load for the visit.

Julie and I caressed and talked a bit before some more 69 with Julie trying to coax old John Thomas into a return engagement. Alas, it was to no avail, but not for the lack of trying on Julie?s

part.

Although she had another client coming afterwards, at no time did Julie appear to be in a hurry to get rid of me despite the ?performance letdown?. At no time did I get the sense that Julie was watching the clock.

Maybe I am just flattering myself, but I sensed that Julie enjoyed our time together. Either that or she should get an Academy Award for those moans. ; >)

Suffice it to say, I WILL be returning to sample the rest of what she enthusiastically and wonderfully offers but before that I will have to get my tongue in better shape. He, he.
