The Premises:

Small clean flat in quiet and safe street. Very discreet. Shower is extremely small.

The Lady:

Attractive girl next door type with great figure. Fantastic firm but natural large tits with smallish nipples and fully shaven pussy. Good English and quirky enigmatic smile.

The Story:

Very randy girl next door who is a great kisser and was taught how to give a blow job by the angels. Probably the best OWO I have ever had. Helen just went at it for at least 20 mins sucking and licking my entire cock from tip to balls. How I stopped myself from shooting down her throat I have no idea but I wanted her to ride me and finally she did. I exploded within a couple of minutes and my hard on just would not subside - a sure sign of better than usual sex! This was preceded with prolonged oral on her, that she loves, and really wriggles and squirms whilst moaning and groaning rising to a crescendo as she comes. Fantastic sex with a highly sexed girl in the manner of a girlfriend you had not seen for a couple of weeks and was busting for it.
