The Story:

Arrived and was greeted by a very friendly and very attractive girl (Alisha). Handed over the money (?150 for the hour booked) and had a shower. I was then told "no kissing" - a real turnoff, but clearly her choice. I asked for my money back and said I would rather leave. My cash was returned without argument, I dressed and left.

I was rather sad to leave such an attractive girl, but kissing is an important part of the punt to me. I was pleasantly surprised by her willingness to return my money and allow me to leave without any fuss.
