Stunning blonde lady totally as per her website and other reports - but no website can describe her georgeous warm personality - and loving manner

The Story:

After exploits of yesterday which for dear old me were like the finale of the 1812 overture i needed something different and here I got the soothing water music. Greeted with a warm kiss and a welcoming shower and an obvious desire for fun and pleasure. My manhood was not up to much today but Anna gave me the most wonderful, caring and soothing massage you could dream about gently her hands went up and down my aching limbs as we chatted and joked like long lost friends - as I said what a massage what relaxation memories if this will linger that is for sure. She did her best in her loving way to get reaction and yes eventually after a slow but immense handjob things stirred and performance happened

As i say after yesterday I was expecting too much but make no mistake I will return to see Anna again and what is more if opportunity comes for an overnigher this lady is big time high on the list of those I would chose - Anna you a star big time
