The Story:

My first ever party, an experience not to be missed- all you punters should try this at least once. Its like being in a porno movie but without the camera. Sable takes her hostess role very seriously, which seems to be ensuring that all blokes spunk as many times as possible! Sucks for England, and her huge tits keep getting in the way of all that spunk.A real party girl. 4 girls and about 8-10 guys was about right, a lot of the guys had been before. Praps I was a bit nervous but my little fellow was a slow starter, he`s probably not used to doing it in public. Eventually he woke up and fully joined in all the partying. What a party- just how you imagine an orgy to be, much fucking/sucking/spunking. I especially seemed to click with little Layla and got it on with her quite a few times. She seemed to really enjoy shagging (everybody). At one stage I picked the little Layla off the floor mid shag and,-still impaled on me, headed for the chair to try a diff position-the larger girl whose name I never knew (sorry) shouted to much laughter all round "you wont try that with me"!- dumped Layla in the chair and carried on the raw shagging. Later on Layla grabbed me by the hand and took me upstairs to an empty bedroom for a more private fuck. Finished with my face buried in her sweet pussy as I came all over her face. Wow fucking wow. My face stayed buried in muff and the bedroom door opened and somebody came in and helped Layla with the tissue bit. Thank God it was Claudia when I came up for air! Finished off the party watching Claudia wank another guy off on the same bed and then gave her a quickie to finish. 3 hours really flew by. I think I will seek out Layla through the agency for a couple of hours on her own at a later date. She enjoyed the shagging as much as Sable enjoyed the sucking. Chilled out for an hour or two on the beach afterwards- cant do that at home.
