The Story:

Sindy is no doubt a looker but also a rip off merchant. I told her at the beginning of the night that I would probably keep her for an overnight because I was looking for a GFE although initially I had only booked her for 2 hours to be on the safe side. For this reason we took our time chatting and drinking champagne. During the second hour we went into the bedroom and it was probably the 3rd hour when she gave me a blow job which was very good. I didn't rush about full intercourse because as far as I was concerned she was there for the rest of the night. However during the 4th hour she asked for money just for the extra 2 hours which I paid without thinking. She then left before full intercourse after I had paid her ?500 when her overnight rate was (a very cheap) ?600. She didn't want to stay the 4-5 hours for just another ?100 and left against my wishes. The agency was now on voicemail and I phoned the next day they said she that as far as they were concerned she was just there for 2 hours as originally booked. I was left angry and frustrated because I paid just ?100 less than the overnight rate, only got a BJ and less than half the time I was expecting for the overnight.
