The Premises:

Was once the best parlour in manchester for quality of decor and room size, it is desperate need of renovation. Leather bed spread ripped etc.

The Lady:

Slim, a little too slim for me, very toned with massive false breasts which were hard and din't move much. Brunette shoulder length hair pretty brown eyes, but disappointingly looked a bit spaced.

The Story:

Its been four to five years since i set foot in the gallery and it looks as though it hasn't had a thing done to it since.

Room very spacious though and should have been a great punt with one of the most famous porn stars from these shores.

In truth she was more interested in her own reflection and if it hadn't have been for me pushing things along i could have been still lying there having my back tickled now.

Oral with, no kissing apart from sticking her tongue out and wiggling it, sex very shallow and her hand stayed in place as a barrier to make sure (i thought this girl was a porn star?).

Not impressed at all.
