The Premises:

my hotel, city centre.

The Lady:

Sophie really does look like the girl next door. She is a lovely, refreshingly girlish Doodle. She appeared in a charming summer dress with very little underneath. With someone this nice, pictures, no matter how accurate, can not do her justice. The pics are good, the real thing is even better so be prepared for a pleasant surprise. Her Face and her whole attitude radiate the confident, but slightly giddy girl she still is.

The Story:

Sophie came in with a curious, almost eager giggle.

The room was an upgraded suite, with lots of comfortable space and she was rapidly at ease on the sofa with a civilized sip of wine and a good chat.

She may look like the GND, but she betrays some solid real life experience and she is quite comfortable in the company of male partners. This Lady can probably handle any bloke or gentleman alike.

Sophie is well mannered and intelligent and has no problems holding a good conversation. She is and not afraid to take initiatives either.

She is not only confident and experienced, she is positively eager to have some fun herself. And when it comes to the mechanics of the date, she is Very skillful and you can see that she will be enjoying this much as yourself.

Trust Her, she knows what she is doing.

She had me totally on (and over) the edge for the remainder of our planned time together. Sophie will pay attention to your every move, and she reacts very positively to gentle treatment herself. She is definitely out to enjoy some excitement of her own.

And when the date was over, Sophie gladly stayed on for a last sip of wine and a parting chat. No

clockwatching here.

Guys, This Lady has some Great Potential. Treat her with respect, and you will receive something unforgettable in return.

Highly Recommended!
